MISSION STATEMENT

Israel Cancer Association (ICA USA) is a nonprofit 501 (c) (3) organization established in Palm Beach, Florida. Our mission is to raise funds for fellowship grants that support cancer research conducted by award-winning scientists at leading hospitals, universities and institutions throughout Israel. Uniquely, 100% of fellowship funding goes directly to the scientist – not the institution, nor for our overhead.

Israel Cancer Association (ICA), established in 1952, is the leading and largest health-related organization in Israel, but receives no government funding, depending entirely upon private donations.
